Colours

The Leadway Health colour palette has three primary colours, plus supporting (secondary) colours - these colours have their origin in the mother brand (Assurance). Provided are the HEX, RGB and CMYK codes.

Colour References:

RGB: ALL PDF documents, online materials, web applications, etc. and stationery, where possible.

CMYK: colour pallete for external (all print) marketing, printed publications, etc.

HEX: Colour palette For digital touchpoints and interfaces

To maintain consistency and brand recognition, these colours should be the lead colours in all applications. It is essential that our colours are reproduced as accurately as possible.
